INTRODUCTION

Hi, I'm Rachel!

I am the Furtographer, a studio pet photographer who specialises in capturing the unique personalities and the beauty of pets through photography. I have a deep understanding and love for animals, and have honed my craft to capture the essence of each pet I photograph.

Whether it's a dog, cat, bird or human, I know how to make them comfortable in front of the camera and create stunning images that you will treasure for years to come. My work is a blend of technical skills, creative artistry, and a passion for animals.

I can't wait to create stunning images of you and your family that you treasure for generations to come.
